

First Aid Wall Station

Fluorescent white lettering for easy location in dim light.

Critical items are identified immediately through the clear protective cover, making it much easier to administer first aid and keep check on all-important stock levels.

An efficient and attractive solution for storing first aid supplies in the workplace.

Certain work environments have greater risk of injury and illness due to the nature of work being carried out and the nature of the hazards in the workplace.

The deluxe wall station is manufactured from high quality, wipe clean ABS plastic, with a dustproof lid to keep contents clean. Each wall panel displays contents in a way that ensures effortless selection of specific components and enables effective treatment.

FIRST AID MANAGEMENT PROCESS

- 1 Identify** - Potential causes of workplace injury and illness
- 2 Assess** Risk of workplace injury or illness
- 3 What first aid is required**
First aiders | First aid kits and facilities | procedures

A basic first aid kit for Office, Buildings and facilities designed to current first aid and Resuscitation guidelines.

USAGE GUIDELINES

- LOW RISK: 1 kit for less than 25 employees
HIGH RISK: 1 kit for less than 5 employees

The actual number and size of kits provided in the workplace should be based on all the factors included in your risk assessment.
